Take one look at yourself, and realize  
Life's been treating you nice, better be wise  
And enjoy your moments

Take one look at yourself, into your eyes  
How you treated your life, it wasn't too wise  
Cause its getting closer

(x2)

Cause it's getting closer

Take one look at yourself, and realize  
Life's been treating you nice, better be wise  
And enjoy your moments

Take one look at yourself, into your eyes  
How you treated your life, it wasn't too wise  
Cause its getting closer

(x2)

Take one look at yourself, and realize  
Life's been treating you nice, better be wise  
And enjoy your moments

Take one look at yourself, into your eyes  
How you treated your life, it wasn't too wise  
Cause its getting closer
