My my my, your truth is a lie  
And you help cover it up and you don't even ask why  
So it goes  
Funky wunky, the funky junky  
Funky wunky, ouh won't you hit them with that  
Nooky nooky, you got that cookie  
Nooky nooky, ouh  
Hit them with the funky shift - you jokin'?  
Funky wunky ouh  
Slam me with the funky fix - get going!  
Funky junky ouh  
Why why why do you quit before you try  
You put a fake smile on your face but there's a tear in  
Your eye  
So I go  
Funky wunky, that funky junky  
Funky wunky, ouh yeah hit me with it  
Nooky nooky, I'll try her cookie  
Nooky nooky ouh  
Kick on in da funky shift - you got that?  
Funky wunky ouh  
Slam me withg da funky fix - you got that?  
Funky junky ouh  
And I don't believe the things they try to say  
'Cause things are gettin' a little bit funky
