Come on into my mind, into my heart,  
into my thoughts and into my soul  
Come on into your mind, into your heart,  
into your thoughts and into your soul-do the sinister

(Chorus 1:)

Come on come one come on do the sinister come on  
come on come on hey hey hey

(Chorus 2:)

The minister is getting sinister the minister of the  
sinister-  
you're messing with  
The minister of the sinister the minister is getting  
sinister

Why you always bugging-what you want with me  
Why you always tripping-just you let me be  
Ain't no point in knocking-ain't nobody home  
Ain't no point in talking-just leave me alone!

(Chorus 1 & 2)

Into the mind, into the heart, into the thought, into the  
soul  
Out of the mind, out of the heart,  
out of the thought, and out of the soul

Why you always bugging-what you want with my  
Why you always tripping-just you let me be  
Ain't no point in knocking-ain't nobody home  
Ain't no point in talking-just leave me alone!

Sin sin ha! ha! come on sin sin do the sinister  
Sinister surf mind raid  
Cyco surf min raid  
What I want I do it  
What I need I take it  
If I want I'll do you, you been warned  
What you want won't happen  
What you know don't matter  
What you feel I give it right here and right now

Right here and right now  
Right here and right now  
Right here and right now  
Do the sinister
