Groovalistic

Yesterday I struggled a little less than today  
I locked it in a brain cell and I threw the key away  
Don't know what I was thinking-then again I do  
I lock my thoughts in cages like the animals in a zoo  
So please don't feed the cyco-and I don't mean with  
food  
Cause my mind feeds on hatred-and you get me in the  
mood  
So are we having fun yet? Can you feel the pain?  
Cause my mind functions perfectly on tangents skewed  
insane

(Chorus 1:)

She said, "If I would of then I could of but it's  
unrealistic"  
And I said, "So why you always gotta be so damn  
pessimistic"  
And she said, "If I could of then I would have but it's  
unrealistic"  
And I said, "If you could of then you would on infecto  
groovalistic"

(Chorus 2:)

Groove a little high groove a little low groove a little in  
between  
Groove a little hot groove a little cold groove a little bit  
in my scene  
Groove a little left groove a little right groove a little  
something with me  
Grove a little sex groove a little love Infecto is the way it  
should be

Groovalistic

So much for smart thinking the odds weren't on my  
side  
But ain't it fun to gamble double up and let it ride  
I could of been more thoughtful I could of walked away  
But I ain't afraid to say I got nothing left to say

(Chorus 1 & 2)

Groovalistic oh no! infecto groovalistic  
I could of made it touching or full of tricky rhymes  
I could of been more thoughtful-I could of walked away  
But since I got the time I got one more thing left to say  
I hate stupid people! (obviously a lot cause I say it  
enough)  
Stupid-A person that has the capabilities to think  
and or understand but refuses to use it
