Why? Why does it have? Have to be...this way
When? When will I know? What I should...and why I
didn't
Why? Why. Does it keep coming back? Straight in my
face. Face
Yet I can't see it. How? How. How could I be? Be so
dumb. Dumb
Dumber than dumb. You dummy!
Where? Where am I now. Am I still here...and which way
am I going?
What? What did you say? I heard you laugh
What the hell is so funny?
Why? Why. Won't you show your face? Face
Show me who you are. Are. God, I hate you!
You. You. You make me sick. Sick. So sick I puke
Puke. Damn you disgust me!
Please. Please don't be crueler than I...already am to
me
Where? Where will I find? Find some peace...I'll even
take a sliver!
Why? Why. Why does it hurt? Hurt. Hurt so bad! Bad
Yet I just take it!
Why? Why. Why does it hurt? Hurt. Hurt so bad! Bad

Yet I still take it!
When. When it goes. I wonder where
And I get so jealous!
When. When will I learn? And if I do...what will it teach
me?
Why? Why. Why does it hurt? Hurt so bad? Bad
Yet I still take it!
Why? All I'm asking is why? Why
All I'm asking is why? Why?
This ain't no animal magnetism!
Why? Why. Why does it hurt? Hurt
Hurt so bad? Bad. And I just take it
Why? Why. All I'm asking is why? Why
All I'm asking is why? Why?
Don't tell me animal magnetism!
