Uuuuhh you've got me running around
Burning up, I keep burning up
Uuuuhh you've got me running around
Burning up, I keep burning up

'Cause you're cool
Looking hot
Baby oh you're burning
Me up
Like a lot
Uh, I can't control it
Oh boy
Won't you stop?
I feel like you stole it
I can't live without my heart
- don't take it away! oh oh

But you please me
When you tease me
And I just want more!

Uuuuhh you've got me running around
Burning up, I keep burning up
Uuuuhh you've got me running around
Burning up, I keep burning up

1, 2, 3, it's time for me to be burning up!
I keep burning up
4, 5, 6, I love your licks and I'm burning up!
I keep burning up

Can't deny
It's a fight
Uhh it's all a battle
To get
With you right
You really got me going
And my
Mind is set
On seeing something growing
But when you touch and play
You never go all the way, oh no!

But you please me
When you tease me
And I just want more!

Uuuuhh you've got me running around
Burning up, I keep burning up
Uuuuhh you've got me running around
Burning up, I keep burning up

1, 2, 3, it's time for me to be burning up!
I keep burning up
4, 5, 6, I love your licks and I'm burning up!
I keep burning up

Uuuuhh you've got me running around
Burning up, I keep burning up
Uuuuhh you've got me running around
Burning up, I keep burning up

1, 2, 3, it's time for me to be burning up!
I keep burning up
4, 5, 6, I love your licks and I'm burning up!
I keep burning up
