Come, come, come - closer to the light
Love, love, love - the glitterati night
Look, look, look - and make it come to life
Don't you know their life is in your eyes?
Come, come, come - come take it in tonight
Fun, fun, fun - so secretly seductive
No, no, no - never look away
Part grotesque - part burlesque
And

If you pay attention
I don't have to mention
Life can't wait - it's now or never

Let's get circussed
Tell me when ya freak emerges
Can't you see that you just gotta go
Get circussed
Caught up in the ring
And you can say that I can never let it go

Time will stop - no curtain-drop
More, more, more - is ringing in your head
Let yourself get all carried away
Go, go, go - love, love, love
It

'Cause in celebration
Every lost creation
Gets a chance to live forever

Let's get circussed
Tell me when ya freak emerges
Can't you see that you just gotta go
Get circussed
Caught up in the ring
And you can say that I can never let it go
But who are you to know
Yeah who are you to say
You're never gonna play
With me today

Let's get circussed
Tell me when ya freak emerges
Can't you see that you just gotta go
Get circussed
Caught up in the ring
And you can say that I can never let it go
But who are you to know
Yeah who are you to say
You're never gonna play
With me today
