From Paris to Berlin,
In every disco I get in,
My heart is pumping for love,
Pumping for love,
'Cause when I'm thinking of you,
And all the things we could do,
My heart is pumping for love,
You left me longing for you

From Paris to Berlin,
In every disco I get in,
My heart is pumping for love,
Pumping for love,
'Cause when I'm thinking of you,
And all the things we could do,
My heart is pumping for love

Patience is a game,
And every night I say your name,
Hoping that you'll answer
'Cause I'm going insane.
It's quite along time ago,
You brought me out of control,
Hungry for your lovin'
Like I know what that might be

From Paris to Berlin,
In every disco I get in,
My heart is pumping for love,
Pumping for love,
'Cause when I'm thinking of you,
And all the things we could do,
My heart is pumping for love
You left me *loving for you
You left me *loving for you
You left me *loving for you
You left me *loving for you

Teasing was the thing
And now I just can't let it go
Meeting you were something no-one else needs to
know

I guess I'm thinking of you,
Like I would know what to do
If and when I found you, but I don't
I've got no clue

From Paris to Berlin,
In every disco I get in,
My heart is pumping for love,
Pumping for love,
'Cause when I'm thinking of you,
And all the things we could do,
My heart is pumping for love
You left me longing for you
You left me longing for you
You left me longing for you
You left me longing for you

Who-hou-u
Who-hou-u
Who-hou-u
Who-hou-u
Who-hou-u
Who-hou-u
Who-hou-u

From Paris to Berlin,
In every disco I get in,
My heart is pumping for love,
Pumping for love,
'Cause when I'm thinking of you,
And all the things we could do,
My heart is pumping for love,
You left me longing for you

From Paris to Berlin,
In every disco I get in
My heart is pumping for love,
Pumping for love,
'Cause when I'm thinking of you,
And all the things we could do,
My heart is pumping for love,
You left me longing for you,
You left me longing for you,
You left me longing for you,
You left me longing for you,
You left me longing for you
