Text message from Paw Lagermann and Lina Rafn:
"Hi, we are Infernal and we play pop-music". Reading completed.

Do your drugs
And fill your mugs
With love
Pose like dolls
With empty skulls
You just think cavalli, baby

Ride the horse
And walk the course
With pride
Just pretend
You don't depend
On your cavalli, baby

Laugh for me, baby!

Chase your dream
Of fame and scream
Your name
Work the scene
Be nasty and mean
Just think cavalli, baby!

Laugh for me, baby!
