

Infernal

"What's What"

Visit "[What's What](#)" on MotoLyrics.com

Your little world explodes to bits in technicolour red
Carnivorous passion, merciless lust, vulgar orgy of
death
Suburban nightmare, primal scream, psychotic wet
dream
Destruction in the first degree feels so good inside of
me
They tried to break and cage me, castrate and control
I've been damned and I've been damaged, smiling
faces cursing me
Your only hope you shall not find, for it lays choking in
your mind
So there you are, not quite there, shell shocked in a
daze
Damaged now beyond repair, nothing can clear the
haze
The little child in my soul pounded to submission
Life ain't always like it looked on television
What's what?...I don't know
Everywhere dreams crashing down, your life is lost and
can't be found
What you thought you knew, you still don't know
You just don't know... what's what
When your little world starts spinning around
What you thought was up was underground
Hunted hunters want your blood, and you don't know...
what's what
Safe within without a clue, your womb of life is now
your tomb
Evidence of evil never seen, the life you led was just a
dream
See no exits find no escapes, yesterday was much to
late
Insane splashes in my brain, splintered by a toxic blade
Your every single panicked scream, is trampled under
foot
Realities your blackest dream, your drowning in fears
flood
Life is fleeing fast from you, but you never thought it
could
You know the price that you must pay

You know my life is now your grave
Lead: Terror
Your pathetic life is now bewedding death, death
becomes you
Lead: Hallman
Now it's time to pay the final price, revenge is mine
Lead: Terror
Kiss of life, caress of death, you'll beg for either in the
end
Mind ripping laughter serenades your pain, drives you
insane
Your pleas of mercy go unheard, make me high
Lead: Hallman
The only comfort in your tiny mind, soon you'll die
Lead: Terror
Now I know how it is, tell ya how it is
Now I'm gonna tell ya what's what
Now it's time to pay, pay the final price
Your time has come, it's time to die
