[Music:Terror]

[Lyrics:Psycopath]

Incantations,spoken at the stroke of midnight,exhume  
the bodies from their  
Timeless slumber  
Soulless participants in this unholy ritual the dead crawl  
from their  
Earthen prisons  
Bodies decayed beyond recognition they  
amass,prepare  
Nightmares from the darkest recesses of your  
imagination

Tormented by lusty unquenchable thirst for blood they  
are driven on  
Loosed of the shackles and free of the grave their  
vengeance knows no bounds  
Raging hunger pierces the black,in the flicker of their  
morbid gaze  
Creatures of evil spawned and spewn from the depths  
of hell  
Moaning with desire for the flesh of the unsuspecting  
victims of their  
Attack  
Wanton destruction burns in their hearts as they enter  
the land of the  
Living...

[LEAD-Hallman]

[LEAD-Terror]

Rise frenzied lust for flesh.Your blood seeps through  
my chest  
You are the living death.Storming god's planet earth

Shambling gait downcast eyes retrogress from the  
grave  
Empithely spewing pus from their lifeless veins  
Decayed legions cast from Hades rotting lungs  
exposed  
Maggots feed and the smell of death overcomes and

cripples all  
Lifeless emissaries of evil crazed by the pleasure of  
their vile  
Inhumanities  
Wretched outcasts of the underworld condemned to  
roam the earth and kill all  
That lives...

Unholy terror stalking prey acherontic plague of death  
Gods' lost souls show no mercy for your life...  
The uypers of darkness are near.Necrophilic lust  
revulsive pelvic thrust  
Your body split open life is  
Still flowing blackened hell has swallowed the skies  
morbid corpses march to  
Die.

They will march for satan demon guardians of the  
damned  
Vile haunting soulless creatures satan's legions of the  
dead  
They will march for satan demon guardians of the  
damned  
Vile haunting soulless creatures satan's legions of the  
dead  
They will march for satan demon guardians of the  
damned vile haunting  
Soulless creatures  
The darkest day of horror the world has ever known!
