[Music:Hallman & Terror]

[Lyrics:Psycopath]

[LEAD-Terror]

Battle Of the ages,good and evil waging war for
mankind's soul
Centuries,Milleniums,spent in futile struggle for the
prize and
The reward already given to the demon the oppressor
Vanguish the resustant,subjugate.Victimize the meek
and the mild
Unholy power reign supreme.Ruling all,fist of fear,a
mighty weapon to be
Wielded
Sparing none,who dare oppose,redemption is the
trademark of a goodamn fool

Overlord - Still you fight though the cause is lost,hail
the victor master
Of this earth
Overlord - The weak of mind owe no debt,fables of
salvation are stories of
The past

Electronic prophets,so called righteous virtue's their
disguise
Intentions,camouflaged,they weave their clever tales
of myth and swear by
All that's holy that they speak the gospel truth they're
lying bastards
Dominate the destitute,circumvent.Persecute the
conscience of the masses
Helplessly the feeble follow
Call it right,it's really wrong,answer to the dark one in
the end
Secretly,blasphemy ,testimony proving good will not
always prevail

Overlord - Betrayed by those you called your
own,gleam of silver negates
Loyalty

Overlord - Blackness spreading across the
land, countless graves cry out and
Curse your name

[LEAD-Terror]
[LEAD-Hallman]

Death advances shouting kill destroy, slaves surrender
fearing blood shall
Flow
Faith disappears from the bravest of heroes when
death's icy grip holds
Their life in it's grasp
Marching defiant the legions bear witness to stand
against evil means you
Stand alone!
