[Music:Hallman]

[Lyrics:Psychopath & Bailey]

Elongated twisted human form suffocating in the
darkness sweat streaming
Down his skin distorted thoughts of torment you
Haven't been to hell until you've reached the perils of a
schizophrenic mind

Skeletons in the closet beckoning come and join us evil
corpses from a
Distant past...

Delusions of prosecution invade reaching out I'm in
their grasp
There is no escape from this apparition warped and
twisted out of state
Submitted committed to this hellish fate knuckles
gripping white muscles
Locked writihing mass of bones thriving on this psychic
energy

Skeletons in the closet beckoning come and join us evil
corpses from a
Distant past...

[LEAD-Hallman]

Crushed beneath their frozen stare your dead remains
will soon be their's
Screaming through the fires of hell your soul escapes
from mindless
Torment...

[LEAD-Hallman]

Crushed beneath their frozen stare your dead remains
will soon be their's
Screaming through the fires of hell your soul escapes
from mindless
Torment...

[LEAD-Hallman]

Revel in the bloodshed gloating in the anguish
laughing as the axe falls
Leaving him
Fucked! playing havoc with his mind tripping into
death's euphoria their
Rotting minds

Skeletons in the closet beckoning come and join us evil
corpses from a
Distant past...
