[Music:Terror]

[Lyrics:Psychopath]

Consume the flesh the heart still beats let the feast
begin

Tonight the rules unholy king we worship him with sin
To feel his touch to know his love to look into his eyes
Don't try to run there's no escape prepare yourself to
die!

Satan our saviour one evil favour is all we ask of you
Satan our saviour do us this honour destroy the
righteous few

Satan our saviour there is none greater we crave they
blackest love

Satan our saviour wicked creator baptize them in their
blood...

Let fires burn and swords drink blood annihilate the
pure

Wage war against the innocent worship the crimson
whore

Fall to your knees and bow your head pay homage to
the beast

And as your faith begins to fail his power shall
increase!

Satan our saviour one evil favour is all we ask of you
Satan our saviour do us this honour destroy the
righteous few

Satan our saviour there is none greater we crave they
blackest love

Satan our saviour wicked creator baptize them in their
blood...

[LEAD-Terror]

Satan our saviour - Lord of hell!

Satan our saviour - Demon god!

Satan our saviour - Evil king!

Satan our saviour...

[LEAD-Terror]

Satan our saviour one evil favour is all we ask of you
Satan our saviour do us this honour destroy the
righteous few
Satan our saviour there is none greater we crave they
blackest love
Satan our saviour wicked creator baptize them in their
blood...
