Stand, stand before me, I am He  
Worship, worship me, my People's Temple  
Beg, beg for an ending, from this life  
Curse, curse the wicked, for your pain  
Pray, pray, pray, pray, pray to me  
Die, die, die, die As a freedom fighter  
Unholier than thou, as I speak, of the word, of the lord  
A man preaching God, to the throngs, of the people,  
fell below  
Take the lives of my follower's let them know that their  
lives are in my hand  
Unholier than thou, thou shall drink, drink deep, of the  
cup  
Question, question my, sanity  
Condemn, condemn the actions, of my life  
Console, console the families, for their loss  
Escape, escape this world, and all it's pain  
Pray, pray, pray, pray, pray for Dad  
Die, die, die, die As a freedom fighter  
Unholier that thou as I play, the role, that of God  
Follow me my people's temple, enjoying all I see,  
heavens earth  
Watch me as I heal the sick, watch me as I take your life  
Unholier than thou, I am, the answer to your prayers

Feel, the presence of God, waiting for your first and  
final meeting  
Accept, your new and final fate, converge together on  
the other side  
Drink deep of the fatal potion, women and the young  
begin first  
Sorry, it's your only way out, we've finally past the point  
of no return  
Watching you lie there, writhing in pain, confusion, it  
burns in your eyes  
You can't contemplate, the statement we've made, its  
impact will scar and defy  
These years in Guyana, will not be forgot, the carnage  
will stick in their minds  
The world mesmerized, in shock they look on, with  
horror they sift through the lies  
Place the gun to my head, find peace and solitude

I'll take my own life, a cause, I thought to be true  
Nine hundred dead, the world must know why  
Such death and destruction, such a waste of human  
life  
White, Night, our infamous, mass suicide  
Years from now they still will wonder, why, did it have  
to end this way
