Don't laugh, dear, suffering eyes are closing at twilight
As the sun is dying someone is crying
Cursed existences, contamination of white
But why? Cursed existences
Drown in tears
I can't breathe so I
Drown in pain
Don't smile, dear, suffering cries are weeping this
twilight
Desperate souls, love is no more
Drown in tears
I can't swim so I
Drown in pain
The mystery of the universe, the secrets of the stars
Seem to be hidden behind a teary mask,
A dimension built in sorrow, tragedy, and pain,
A crying child's lament is the sound of this reign?
Save me, from this perpetual punishment
Don't leave me
Like burning flames my hate loud will rise again
I'll try to scream, I know there will be not ears for me?
Pearls in my hands, these tears wet this land
Discolouring all I see, the world is black, black, black
Mother, here's your son
I would ask you a question, my queen
As you know, majesty, they're crying now
I wonder why and how
Stop it now please, take my life, if you want,
Or take my dreams, but no more, no more tears my
queen
What's your answer, please your answer?
Don't laugh, dear, suffering eyes are dead at twilight
Just rest in peace, in virgin fields
Some head, will lose it's neck, rolling in it's own blood
Drowning in the same tears they've made?
Paying for the tears I've seen
