It's not so much the pain
It's more the actual knife
Pretending the picture is perfect
I cut myself to sleep

I close my eyes for a second
And meet a fragile soul
I scream to hide that I'm lonely
The echo calls my name

If I ever, if I never
Make me wanna stand up for whatever
Make me say, make me pay
Make me understand you're there for me

Take this life I'm right here
Stay a while and breathe me in
Take this life I'm right here
Stay a while and breathe me in

The water drops just beg to hit me
Why now haven't rained for days
No time to play hide and seek
I call upon you to take me on

Break me down to pieces
Put me back do it right this time
Struggling to fill this empty stream
Burn my efforts in the end it means nothing

If I ever, if I never
Make me wanna stand up for whatever
Make me say, make me pay
Make me understand you're there for me

Take this life I'm right here
Stay a while and breathe me in
Take this life I'm right here
Stay a while and breathe me in

These thoughts burn a hole in my heart
These thoughts will keep me feeling

These thoughts burn a hole in my heart
These thoughts will keep me feeling

If I ever, if I never
Make me wanna stand up for whatever
Make me say, make me pay
Make me understand you're there for me

Take this life I'm right here
Stay a while and breathe me in
Take this life I'm right here
Stay a while and breathe me in
