A vanishing light
The end of a compromise
In fury and rage
A dream will diminish

Behind enemy lines
Learn to survive
Find a way to clone
Make friends and a place to call home

Take a picture and jump before we crush
Take a picture and jump before we crush

Slide away
Learn your ways and fire when ready
This is the race to no-man's land
But who knows the direction

You're on the easy route
Money up front, there's no doubt

Take a picture and jump before we crush
Take a picture and jump before we crush

Slide away
Learn your ways and fire when ready
This is the race to no-man's land
But who knows the direction

It's so, so sad, but pay no mind

Take a picture and jump before we crush
Take a picture and jump before we crush

Slide away
Learn your ways and fire when ready
This is the race to no-man's land
But who knows the direction
