I believe in the power of rock'n'roll
I believe that Exxon can save my soul

They pull your strings,
You just don't know it
They pull mine too,
But I try not to show it

I don't know what to say
When you take your light away
I try to do my very best
And to disregard the rest

When you leave what can you do?
When you dream what do you see?
I'm afraid it's just too new
Can you live as fast as me?

I believe in the power of rock'n'roll
I believe that Exxon can save my soul

They pull your strings,
You just don't know it
They pull mine too,
But I try not to show it

I got my baby on a chain
Because it helps to ease the pain
Occam's razor cuts so deep
It's the one thing I can keep

When you leave what can you do?
When you dream what do you see?
I'm afraid it's just too new
Can you live as fast as me?

I believe in the power of rock'n'roll
I believe that Exxon can save my soul

They pull your strings,
You just don't know it

They pull mine too,
But I try not to show it

I don't know what to say
When you take your light away
I try to do my very best
And to disregard the rest

When you leave what can you do?
When you dream what do you see?
I'm afraid it's just too new
Can you live as fast as me?
