Torture devices are put  
To the test to dissect  
Bodies are still alive  
Will be spliced and chopped in half  
This meat grinding death machine  
Has a soul, Meat grinding death machine  
Disposal of aliens  
So mankind can reign supreme  
Meat grinding death machine  
Depriving their intelligence that's  
Beyond understanding  
Bodies strapped down, guts hanging out  
Conscience sustained while being dissected  
Torture and suffering  
Analyzing their anatomy  
Their soul subsides  
Treacherous perception  
Deconstruct anatomy beyond our own  
Underground confinement, sick asylums  
Fit for a repugnant existence  
Behold the sins of mankind  
A world on the eve of self destruction  
A world without peace denies existence  
Eyes glistening with sorrow  
Emotions are mortified  
A reflection of life  
Despised existence, unleashing vengeance  
Kill Kill Kill Kill  
Some pray for death, some wake up dead  
Dead Dead Dead Dead  
Sadistic evisceration  
World of filth laid to waste  
Vacant planet shall remain  
Treacherous perception  
Deconstruct anatomy beyond our own  
Underground confinement, sick asylums  
Fit for a repugnant existence  
Behold the sins of mankind  
A world on the eve of self destruction  
A world without peace denies existence  
Condemnation, I'll confidence  
Break down the walls of suffering

I cannot understand  
How you seem to exist  
Corruptive and empowered  
Pile of rotting flesh and bone
