Visit "[Meant To Be](#)" on [MotoLyrics.com](https://www.motolyrics.com)

Speak your mind and tell me something  
Tell me something I can't remember  
Speak your mind and tell me something  
Are we meant to be together?

Speak your mind and speak it clearly  
Speak it truthfully or speak it never  
Speak it honestly and gently  
Are we meant to be together?

You keep on asking me this question  
Everyday now, for what seems forever  
You keep on asking me this question  
Are we meant to be together?

I'll speak my mind when I am ready  
When I'm willing and when I'm able  
When I've had the time to think  
Of what is causing all the trouble
