Dirt road  
Row edges of you  
Last sun has cought you  
And framed you love  
Lite waking up  
I imagine my escape with you  
A mountain peak cracked open  
I don't know how to move

???  
My hands still knotted  
And my belly  
It burns with desire

Harsh the wind  
And harsh your mouth love

Stormy seas I live for it now  
A restless head a restless heart  
A silver thread  
To catch my love upon

???  
My hands still knotted  
And my belly  
It burns with desire

What's this fire  
In your eyes, love  
I want my lover pure still  
Want him come take his fill
