Five foot four, and a fourth she stands  
Deep blue eyes, and wavy blonde strands  
Of hair that shimmers in the golden light  
My heart begins to soar like a plane ride at night  
Through the clouds above  
I know the I've liked you but now I'm in love

All those pretty words she's said  
Keep ricocheting inside my head that's spinnin' in  
circles while my knees go weak  
For once in my life I've found the one I seek  
And the journeys been rough...  
I know that I've liked you but now I'm in love

Long lonely nights are lonely no more  
When the sun goes down it's in your arms that I'll be  
found  
You knocked on my soul, and unlocked the door  
I know that I've liked you but now I'm in love

Two soaked bodies, in the pouring rain  
Two lips sweeter than the sweetest sugar cane  
Warm me up, with a single kiss  
My eyes stay open so that I don't miss  
The way you look...  
I know that I've liked you but now I'm in love

Long lonely nights are lonely no more  
When the sun goes down it's in your arms that I'll be  
found  
You knocked on my soul, and unlocked the door  
I know that I've liked you but now I'm in love
