Stuck in time, cause I can't decide
What to do or what to say
Don't know how, to make up my mind
Something I go through everyday

I try to explain myself to you
Why can't you take my word?
I don't know what I should say or do
Cause you always believe what you've heard

Alibi, you made a fool outta me
Alibi, help set me free
Cause an alibi, is what I need
To make her change her mind

I go out late, and I come home early
To places you don't go
Why do you, keep bugging me
Why do you always have to know?

Where I've been, and who I'm with
Things that I have done
Why can't I be without you for just one night?
And still have some fun

Alibi, you made a fool outta me
Alibi, help set me free
Cause an alibi, is what I need
To make her change her mind

Alibi, you made a fool outta me
Alibi, help set me free
Cause an alibi, is what I need
To make her change her mind
