When I push the sheets away from your face
And watch you sleep all day here
And when I push you away
And say you simply cannot stay here

And it's all love, all love
It's all love, my stupid love

When I say you take away
The most important parts of me with you
When I've had the greyest day
You add more grey, it's just your way
It's true

But it's all love, all love, ohh
It's all love, all love, ohh
It's all love, all love, ohh
It's all love, my stupid love

You can't be the one to kill the pain anymore
You let me in but then you slam my fingers in the door
I've had enough but I keep asking you to give me more

When I say
That there's no way

It's all love, all love, ohh
It's all love, all love, ohh
It's all love, all love, ohh
It's all love, my stupid love

It's all love, all love
(It's all love, it's all love)
It's all love, all love
(It's all love, it's all love)
It's all love, all love
(It's all love, it's all love)
It's all love my stupid love
