"I Hear Goodnight"

Well I closed my eyes this mornin'
Last night to me and my friends
Found myself spinnin' once again
Telephone rings for me
Still dirty from the day before
Feel the day's gonna leave me wantin' more

Gonna need some time
Let the night unwind
Face down on the floor
Like a drug you take
Fillin' in my fates
It's killin' me to know
I'm dyin' for more

Annie you've never been good for me
But I still wanna be wrong
I said too much and now you're gone
And Annie you've never been true to me
But I still buy your lies
Tell me why when you say goodbye
I hear goodnight

Well I drove down every alley
Wore the shine off these old shoes
Shouldn't hurt this much when there nothin' to lose

Gonna need some time
Let the night unwind
Face down on the floor
Like a drug you take
Fillin' in my fates
It's killin' me to know
I'm dyin' for more

Annie you've never been good for me
But I still wanna be wrong
I said too much and now you're gone
And Annie you've never been true to me
But I still buy your lies

Tell me why when you say goodbye
I hear goodnight

I tell myself a story
I hang on every line
What if you adored me
Would I still be so blind
Every single time?

Annie you've never been good for me
But I still wanna be wrong
I said too much and now you're gone
And Annie you've never been true to me
But I still buy your lies
Tell me why when you say goodbye
I hear goodnight.
I hear goodnight.
