Oh what a day is today
Nothing can stand in my way
Now that you've shipped out
From under my skin
I think I'm ready to win

Oh what a night is tonight
I think I'm ready to fight
Now that my broken bones
All have been healed
I think I'm starting to feel

Something good
Something good
Now that you're gone I can roll
On to something good

Oh what a way that we die
Plenty of tears were supplied
My eyes are wrung out and dry as a bone
And I taste much better alone

Something good
Something good
Now that you're gone I can
Roll onto something good

Oh you know I moved away
From the other side of the door
I don't have to wait anymore
For you to come home
Something good
Now that you're gone I can roll
On to something good
Something good
