Turn out the lights, leave the candle burning
We can talk all night
Yeah I'm listening and I'm learning
Well I've never never never
No I've never seen nothing like this before
Hey but that's alright
I've never been more sure

So, so you're looking me over
So you're letting me in
You put your head on my shoulder
Yeah I know where you've been
So you're asking me questions
'Cause you're needing to know
If you're ready to love me
Just say, just say so

Well I understand the weight of your words and worries
But tell me true
'Cause I'm in no hurry

Well I've been hit hard and it's left deep scars
Yeah we've all got memories
But I am your answer
You never met no one like me

Chorus:

Everyday that you don't say what's on your mind
Still afraid of letting go let me inside
Don't you think that I won't stay for good this time
Everyday I'll show you over and over and over and over
again

Chorus:
