She's never rosy
Sometimes she's down
She's got a blue side
Let her out, let her out right now

She's never green
She's been around
She's got a dark side
She's been found on the wrong side of town

Sometimes she's golden
Belle of the ball
I never told her
That I don't wanna see her fall

Give my heart just to save tomorrow
Where I go Lady Grey won't follow
Runnin' around and life is hollow
Where I go Lady Grey won't follow

Little Miss Snow White
She gets so high
Queen of the bright light
While life keeps on passing by

Hair brown as?
With streaks of blonde
I wish she'd see me
But I go on just before she's gone

Give my heart just to save tomorrow
Where I go Lady Grey won't follow
Runnin' around and life is hollow
Where I go Lady Grey won't follow
