Don't delay. Something tells me I gotta go away
Maybe it's the way we always stay, when our hearts
have gone

We can't hold us anymore, no we've got to fold
Down to the floor, yes I know it's cold but baby our
hearts have
Gone

Just because, there once was love, don't mean a thing
Don't mean a thing
Just because, there once was love, don't mean a thing
Don't mean a thing
Just because, there once was love, don't mean a thing
Don't mean a thing
Just because there once was love

I gotta see, if I'm filled up when it's only me
It's not your fault but you just can't be here
Now that my heart has gone
Now that my heart has gone
Now that my heart has gone

Just because, there once was love, don't mean a thing
Don't mean a thing

Just because, there once was love, don't mean a thing
Don't mean a thing
Just because, there once was love, don't mean a thing
Don't mean a thing
Just because there once was love

Everyone is hurting now
And everything is burning down
But I can build back my new town today

Just because, there once was love, don't mean a thing
Don't mean a thing
Just because, there once was love, don't mean a thing
Don't mean a thing
Just because, there once was love, don't mean a thing

Don't mean a thing
Just because there once was love, there once was love,
there once
Was love
There once was love, there once was love, there once
was love,
There once was love

There once was love
There once was love
