She don't believe in anything  
Never in love with those who love her  
Taking time by men's side

She carries her weight of broken dreams  
Carefully hiding everything from her heart  
Doesn't know what she's missing

She wants to be alone  
She wants to change her whole way of life  
She wants to be alone and there's no way around  
She said, she doesn't need me, she doesn't need  
anyone

Selling the girl you never see  
Falling apart to the sound of nothing  
She likes it that way

Waited around patiently, hoping to be the one she  
needs  
But she's running away, turning away  
She won't stay

She wants to be alone  
She wants to change her whole way of life  
She wants to be alone and there's no way around  
She said, she doesn't need me, she doesn't need  
anyone

Keep me in mind, I will be on call all the time  
'Cause I want you more than anyone

She wants to be alone  
She wants to change her whole way of life  
She wants to be alone and there's no way around  
She said that she doesn't need me

She wants to be alone  
She wants to change her whole way of life  
She wants to be alone and there's no way around  
She said, she doesn't need me and she doesn't need  
anyone

She doesn't need anyone
