Walkin' in my sleep again
Where were you
Off in some distant land
Was I with you

Slippin' out again
Slippin' out again
Slippin' out again

Take my hand let it all go down
Till I am sound asleep
Walk away out in the cold
Open your soul....to me

Walkin' in my sleep again
I am here
Run with me if you can
I can feel you near

Slippin' out again
Slippin' out again
Slippin' out again

Take my hand let it all go down
Till I am sound asleep
Walk away out in the cold
Open your soul....to me

Well I don't know where I am again
Find my way back to the bends
Now I will find you

Slippin' out again
Slippin' out again
Slippin' out again

Take my hand let it all go down
Till I am sound asleep
Walk away out in the cold
Open your soul

Take my hand let it all go down
Till I am sound asleep
Walk away out in the cold
Open your soul....to me

To Me
To Me
To Me
