You could fall apart  
It wouldn't take a lot, so fragile  
Your porcelain heart  
You don't wanna be  
Another casualty of love's war  
So you won't even start

I won't, hurt you, I won't

Why don't you let me be the one to love you  
Why don't you help me find a way to  
Why don't you let me be the one to love you  
You don't have to be afraid when it's right  
Why don't you

You've heard I've been around  
But I'm so different now, believe me  
Let me show you how  
Cause I won't lead you on  
You'll be the only one, it's alright, that man is gone

'Cause I won't hurt you, no I won't

Why don't you let me be the one to love you  
Why don't you help me find a way to  
Why don't you let me be the one to love you  
You don't have to be afraid when it's right  
Why don't you

Let me have the chance to make it alright  
Follow what you're feeling, it will be fine, baby you  
should be mine

Why don't you let me be the one to love you  
Why don't you help me find a way to

Why don't you let me be the one to love you  
Why don't you help me find a way to  
Why don't you let me be the one to love you  
You don't have to be afraid when it's right

Why don't you let me be the one to love you

Why don't you help me find a way to  
Why don't you let me be the one to love you  
You don't have to be afraid when it's right  
Why don't you, let me be the one
