Show the way from down below
Welcome home, I'd feel above
Putting those who never
Shower with my advice

And I tried a little weird
Feelin' lost inside myself
No one knows how better it gets
Sometimes one day

Handful of house
Show it all out
While I'm figuring out why
No one cares but bliss

Nothing is as good as gold
Some things get strap and sprain
As silvery as the open life
We know below

And I tried a little weird
Feelin' sorry for myself
Nobody knows when we meet again
Someplace, somewhere

Stranded on an isle
Feeling of the four of us
Figuring out just why
No one cares but bliss

I'm tired and I'm gonna sleep

Background vocals:
Stranded on an isle
Feeling the four of us
Figuring out why no one cares
Stranded on an isle
Feeling the four of us
Figuring out why no one cares {3x}
Not comin' out

Hooo...wooo

And I tried a little weird
Feelin' lost within myself
No one knows when we'll meet again
Sometime today

Handful of house
Show it all out
While I'm figuring out why
No one cares but bliss

Background vocals:
Wants to be free
Wants to be free

I'm tired and I'm gonna sleep

Background vocals:
Figuring out why no one cares
Never coming out
Heaven knows my name
Figuring out why no one cares {3x}
Wants to be free {7x}
