Love - what's your face?
Love - magic ways.
We - only know you can be hell or heaven.
Love - what's your face?
Why did you fade?
When I began to understand your secret being.

He was my love
He turned away.

It was the greatest time.
Love touched my soul and lived in me.
Love - what's your face?
Joy - hopes and pain

Tears - shining eyes
You are why we are living

Love - what's your face? Love

Love - what's your face?
Love - magic ways. . . .
Love.
