Hey I'll move out of the way for you
Hey I'll move out of the way for her too
I never thought we'd end up here in seperate cages.
It doesn't go like this
You left out some pages

Hey when was the last time you laughed
And did you mean it when you did?
I'm just wonderin'
The sound in your voice it's abounding
It's astounding how you live so close to your cure

I never know what to do with my love
I never know what to do with my hands
So I put them behind my back
I put them behind my back
Behind my back

Hey don't you know what I need when I say
Hey see it in my face, I'm breaking
I've waited for so long
Just to know
That you'd wrap yourself around me if you couldn't let
go

I never know what to do with my love
I never know what to do with my hands
So I put them behind my back (put them behind my
back)
I put them behind my back (behind my back)
Behind my back (put them behind my back)

Can I move out of the way tomorrow?
Can I move into the way tonight?
