I don't wanna be the one to say goodbye
But I will, I will, I will
I don't wanna sit on the pavement while you fly
But I will, I will, oh yes I will

'Cause maybe in the future, you're gonna come back
You're gonna come back around
Maybe in the future you're gonna come back
You're gonna come back

Oh, the only way to really know is to really let it go
Maybe you're gonna come back, you're gonna come
back
You're gonna come back to me

I don't wanna be the first to let it go
But I know, I know, I know
If you have the last hands that I want to hold
Then I know I've got to let them go

'Cause maybe in the future you're gonna come back
You're gonna come back around
Maybe in the future you're gonna come back
You're gonna come back

Oh, the only way to really know is to really let it go
Maybe you're gonna come back, you're gonna come
back
You're gonna come back

I still feel you on the right side of the bed
And I still feel you in the blankets pulled over my head
But I'm gonna wash away, oh I'm gonna wash away
Everything till you come home to me

Maybe in the future you're gonna come back
You're gonna come back
In the future you're gonna come back
You're gonna come back

Maybe in the future you're gonna come back
You're gonna come back around

Maybe in the future you're gonna come back
You're gonna come back

Oh, the only way to really know is to really let it go
Maybe in the future you're gonna come back
You're gonna come back around
Maybe in the future you're gonna come back
You're gonna come back

Oh, the only way to really know is to really let it go
Maybe you're gonna come back, you're gonna come
back
You're gonna come back to me, you're gonna come
back to me
You're gonna come back to me
