Oh what a day is today
Nothing can stand in my way
Now that you've shipped out from under my skin
I think I'm ready to win

Oh what a night is tonight
I think I'm ready to fight
Now that my broken bones all have been healed
I think I'm starting to feel

Something good
Something good
Now that you're gone I can roll on to something good

Oh what a way that we die
Plenty of tears were supplied
My eyes are wrung out and dry as a bone
And I taste much better alone

Something good
Something good
Now that you're gone I can roll onto something good

Oh you know I moved away
From the other side of the door
I don't have to wait anymore for you to come home
Something good
Now that you're gone I can roll on to something good
Something good
