You call me a mountain  
And I call you the sea  
I'll stand tall and certain  
And watch you swallow me

You can move me if you want to  
You can move a mountain  
You can move a mountain

You can move me if you want to  
You can move everything  
You can move everything

I will grow my own trees  
While you follow the moon  
I feel you in my knees  
Say you'll come in soon

You can move me if you want to  
You can move a mountain  
You can move a mountain

You can move me if you want to  
You can move everything  
You can move everything

Then one day you'll go away but I will too  
Until then, oh, my darling friend, well, I will hold  
Yes, I will hold, yes, I will hold  
Yes, I will hold on to you

You can move me if you want to  
You can move a mountain  
You can move a mountain

You can move me if you want to  
You can move everything  
You can move everything

You can move me if you want to  
You can move a mountain  
You can move a mountain

You can move me if you want to  
You can move everything  
You can move everything

You can move everything  
You can move everything  
You can move everything

You can move everything  
You can move everything
