My mind oscillates  
Between nothing and eternity  
Reverberating consciousness  
Offspring of entropy  
Dependent origination  
Void-spawned incarnation  
Ascending from the  
Depths of uncreation  
Opening the eyes to the sights  
Arising from the joy of void  
Reflections, thoughts manifest  
That never come to rest  
Polychromatic blaze unfolds  
A multitude of mirrored selves  
Embodiment and recollection  
Fracturing reality  
There is nothing you'll see  
There is nothing to see  
There is nothing you'll see  
As you try to perceive  
There is nothing you'll see  
There is nothing to see  
There is nothing you'll see  
As all emptiness is perceived  
You will see...  
I close  
My eyes  
Ceasing  
The visions  
The world...  
Reflects itself  
Through the gates...  
Into the shell  
Which is me...  
There is nothing you'll see  
As all emptiness is perceived  
You will see...  
I close  
My eyes  
Ceasing  
The visions  
The world...

Reflects itself  
Through the gates...  
Into the shell  
Which is me...
