If you hear my voice no matter where you are
If you're walking down the street, or your driving in
your car
If you're watching from the crowd now
If you're runnin' through the park
Listen up, listen up, listen up everybody! Here we go,
here we go!
Machin' to the beat of a different drum
Watch out, watch out, here we go!

Are you with me? say yeah (yeah)
Are you with me? say yeah (yeah)
We're not givin' up and we're not backin' down
Are you with me? say yeah (yeah)
Are you with me? say yeah (yeah)
We're not givin' up and we are machin' on marchin' on

If ya hear the call rise up and take a stand
If you want to make a difference that's where it all
begins
We got to get together there's a line down in the
sand

Listen up, listen up, listen up everybody!
Here we go, here we go, machin' to the beat of a
different drum
Watch out, watch out here we go!
We're marchin' to the beat of a different drum!
Watch out! Watch out! Here we go!

Are you with me? say yeah (yeah)
Are you with me? say yeah (yeah)
We're not givin' up and we're not backin' down,
Are you with me? say yeah (yeah)
Are you with me? say yeah (yeah)
We're not givin' up and we are machin' on marchin'
on.

We're not givin' up oh we're not givin' in
'cause we're all gonna stick together, we're not
backin' down

'cause we're turning it around
Gonna tell it, gonna make a difference
We're gonna make a stand and that's where it all
begins
Listen up, listen up everybody

Are you with me? say yeah (yeah)
Are you with me? say yeah (yeah)
We're not givin' up and we're not backin' down
Are you with me? say yeah (yeah)
Are you with me? say yeah (yeah)
We're not givin' up and we are machin' on marchin' on
Gonna make a stand 'cause that's where it all begins
Listen up, listen up everybody, listen up everybody
