

# Inhabited "Away"

Visit "[Away](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Caught in a whirlwind of distractions  
I'm losing touch with You  
So many thoughts oh they're racing through my head  
They're chasing me  
I've got to run faster

I'm tired, so tired of falling for all their lies  
I need You, please take me  
Please help me out

You're my escape  
Take me away  
I'm lettin go of myself  
You're my escape  
Take me away and give me wings to fly

Lost in the words I can't find  
As I'm reaching for time  
I close me eyes oh You're leading me  
But I'm fighting to stay

Can You help me

Oh take me far away from this place  
I need You, please help me out

You're my escape  
Take me away  
I'm lettin go of myself  
You're my escape  
Take me away and give me wings to fly

I want to get away  
To find myself in You  
So take me, away

Oh won't You take me away

You're my escape  
Take me away  
I'm lettin go of myself  
You're my escape

Take me away and give me wings to fly

Oh to fly, oh to fly  
Until I find myself in You  
Oh to fly, oh to fly  
Oh to fly
