I'm just sitting here. thinking about all the wasted time.
Realizing everything lost is mine. It's like seeing reality
for the first time. But now I want to get so lost in You
until my footsteps lead my words help free. Here am I
send me, here am I, Here am I.

I want you to live and I want you to breathe. Lord live
your life through me. And I want you to live. and I want
You to breathe. Lord live Your life, through me.

I fall on my face. Please don't pass me by. Break me
until Your heart beats in mine. Consume every part of
me. Until I, until I get so lost in You until

My footsteps lead my words help free. Here am I send
me, Here am I, Here am I.

it's all I really want, it's all I really need. Shine Your light
bright through me. Shine Your light through me I pray.
It's all I really want, it's all I really need. Shine Your light
bright through me.

I want You to live and I want You to breathe. Lord live
Your life through me. And I want You to live. And I want
You to breathe Lord live Your life, Lord live You're life
through me.
