Who am I
Who am I that You'd love me
So twisted inside
Who am I
Who am I

You'd dust me off again
Put me back on my feet again
Now I'll hold my head up high
You've changed me, Oh how You
Changed me
And now I'll hold your hand
So I can fly so high

You're everything to me
You're my breath, You're my life
You alone complete me and
You're everything to me
I don't want to, no
Take You for granted anymore

You spoke Your mind and worlds

Leaped into motion
You showed me what's real
Now that I was blind but I can see
I was bound but I am free
You changed me yeah You spun
Me around
And now I'll hold Your hand
So I can fly so high, so high

You tell me, tell me
That You love me
You love me, you love me and
You tell me, tell me
That You love me
You love me, You love me and

You're everything to me
You're everything to me
