Time and time again
You take me as I am
And now I'm on my face
In this familiar place
I feel to numb my pain
But everything's the same
I'm desperate in need
I'm letting go of me
Please don't pass me by
I want to breathe tonight
Would you catch my step as I fall

As I run to you
And the world around me
It fades away to nothing
As I run to you
Won't you meet me here,
You meet me here

My shame brings me today
What else can I say
I'm tired of empty prayers
I don't get anywhere
I've never felt so far
I've got to be where you are
I'm broken unchanged
God I need your strength
Would you unveil my eyes
Forgive me for the lies
I give you all of me

As I run to you
And the world around me
It fades away to nothing
As I run to you
Won't you meet me here,
You meet me here

Please don't pass me by
I want to breathe tonight
Would you catch my step as I fall

As I run to you
And the world around me
It fades away to nothing
As I run to you
Won't you meet me here,
You meet me here

what else can I do i will run to you
as you meet me
what else can I do i will run to you
as you meet me
meet me
