You say you don't care what I have to say
You made your mind up anyway
You've been hypnotized, mesmerized
You've fallen for their lies
Believing the shadows are sunshine
You left the truth behind

What if tomorrow
Your plastic world it fades away for sure
What if tomorrow
Your plastic world it fades away to blue

Hey, hey it's time to wake up
Hey, hey it's time to see
It's time to get off this merry go round

You buy a smile a day to put upon your shelf
Look in the mirror, you're somebody else
You've been taken by their disguise

And all you satisfy
Believing your eyes for so long
Oh, you're so blind

What if tomorrow
Your plastic world it fades away for sure
What if tomorrow
Your plastic world it fades away to blue

Hey, hey it's time to wake up
Hey, hey it's time to see
It's time to get off this merry go round
Hey, hey it's time to wake up
Hey, hey it's time to see
It's time to get off this merry go round

We're spinning around and around and around

Around and around and
Around and around and
Around and around and around
