I don't care if you're from the North  
I don't mind if you're from the South  
East Coast, West Coast to Tokyo  
We're gonna grab our guitars  
Come on, let's go  
Cuz there's a fire burning in our soul  
We just wanna play some rock n roll  
Win some  
Lose some  
We'll play anyway  
But Hey! Hey! You know we're here to stay  
They're making me crazy  
They're driving me crazy  
I think I'm going insane

We're gonna rock until everybody's on their feet  
We're gonna turn up the music  
Can you feel the beat  
We're gonna rock gonna have us a real good time  
I'm making noise until they take us away  
They said turn down all of them noisy guitars  
Listen to the man just to see the charts  
Sell out now or we'll push you down  
You'll never make it baby in this town  
But there's a fire burning in our soul  
We just wanna play some rock n roll

Win some  
Lose some  
You pushed us around but  
Hey! Hey! you haven't knocked us down  
They're making me crazy  
They're driving me crazy  
I think I'm going insane

We're gonna rock until everybody's on their feet  
We're gonna turn up the music

Can you feel the beat  
We're gonna rock gonna have us a real good time  
Making noise until you take us away
