Live it
and breathe it
You know that I do
When you fall in love
I think of you

Love it
and leave it
and know when you're done
Watch out for this girl
she's got a gun for a tongue

Turn turn turn away
I don't wanna hear what you say
You always love me just because
What do you want
What do you want
Everything
Everything

By keeping
a secret
To hold onto trust
It's gonna bruise
It's gonna crush

Believe it
It's over
in the blink of a lie
You've found another
It's time to put your arrows aside

Watch out for this girl
she's got a gun for a tongue

Turn turn turn away
I don't wanna hear what you say
You always love me
Just because
What do you want
What do you want

Everything
Everything

It's gonna take time to know her
It's gonna take time to know her
You're gonna need ice to keep it
You're gonna need fire to find it

But when she moves to another town
Who's gonna be there to take the time?

Watch out for this girl

Love it
and leave it
and know when you're done
Watch out for this girl
she's got a gun for a tongue
Watch out for this girl
she's got a gun for a tongue
