You You, Like it wont
Through me, me that wont heal

No nothing hits me like you do
When it's all you are

(right)

Try Try, but you wont find
Your witness to my crime

No nothing cuts me like you do
When it's all your fault

Its you, just you and me, oh yeah
Its true, it's just you, and me unfortunately

Lie Lie, but you wont hide
The true true, no it's not like you

No nothing hurts me like you do
When it's all you got

Its you, just you, and me oh yeah
Its true, it's just you, and me unfortunately

Why u do the things that you do oh what u doing to me

'Cause it's like you don't care, no you don't care, so you
don't care, about me, what's new?

Its just you, it's just you

All a circus
