Safe... Only for you

On the edge of the dark

Where no one can find you
Breathe... extinguish the spark
Are you hiding from something
No self... Reflecting in scene

When I feel you lost inside me
Darkness blinds me now that I feel you, i've
Now that I feel you, I

Exit the empty
Exist... where nothing was found

Where no one can find me
I'll go... softly without a sound

Will I find you lost inside me
Silence i'll be
Now that I feel you, I
Now that I feel you, I...

Drifting inside
Closing my eyes
Till the pain died
Given in to you
I've given in to you, I...

...feel you now...

And I feel you, I...

You...

I feel you... I...

Feel you, I....

*This is the bit where Clint sings REALLY high like an

angel!*

Feel you.....

Now I have gone in to you

All that remains I know....

Is the silence that's filling me now..

Can you hear me..... NOW!

Empty Craving???

Filling Silence..
